For four years, McCarthy Mentoring developed and managed a mentoring program for senior women in the Qantas and Jetstar operations as a key component of the Women@Qantas Development Program. This was part of the Qantas Talent & Diversity initiative to reward and grow talented senior women transitioning to leadership. It also offered support and guidance during a time of significant change and business transformation.

The participants were chosen for their leadership capacity, high performance and commitment to the group. They were selected from Sydney, Melbourne, Brisbane, London, Frankfurt and Auckland.

**Outcomes**

Of the 24 women who participated in 2011/12, 63% of the group were promoted since starting the program.

In 2013/14, 93% strongly agreed/agreed they had a greater capacity to manage workplace challenges; 86% strongly agreed/agreed that they had improved performance.

Women moving into significant new roles before or during the mentoring process were successful in their transition at a time of significant business change.

Other key benefits cited included greater confidence, improved motivation, clearer career direction, developed leadership skills and a better management approach.

The Mentoring Alumni have formed a powerful and successful group of leaders encouraging an internal mentoring culture. 72% have since become mentors in the Qantas Next Generation Mentoring Program.
