EMERGING LEADER

Women @ Qantas

BACKGROUND For four years, McCarthy Mentoring developed and managed a mentoring program for senior women in the Qantas and Jetstar operations as a key component of the Women@Qantas Development Program. This was part of the Qantas Talent & Diversity initiative to reward and grow talented senior women transitioning to leadership. It also offered

support and guidance during a time of significant change and business transformation.

The participants were chosen for their leadership capacity, high performance and commitment to the group. They were selected from Sydney, Melbourne, Brisbane, London, Frankfurt and Auckland.

PROGRAM OVERVIEW

Key components of the 12 month programs:

- Extensive interview and matching process to support mentees goals, ambitions and business challenges.
- Global mentees were connected with mentors in their region to offer face to face guidance, broaden local networks and share business experience relevant to their area.
- Senior executive champions to promote and support the program.
- Special launch and wrap up events for participants and senior management.

- Training and resources to ensure participants were able to maximize the opportunity.
- Ongoing communication with participants to review the process, provide relevant business articles and offer further tips on ensuring successful mentoring relationships.
- Networking events and connecting participants to develop relationships across the Group and allow sharing of challenges, ideas and experiences.
- Formal evaluation and reporting of the program against business objectives.
