

Executive Coaching

New 3 month program

Resilience, energy and a growth mindset are key to success in 2021.

The McCarthy Mentoring Executive Coaching Program offers your most valuable people structured monthly meetings, using the latest coaching models and tools to help them improve performance and their capacity to manage key career and organisational challenges. Our new 3 month program is shorter and sharper, designed to support your key people in a disrupted year to reflect, set goals and make a plan for 2021.

Participants will be connected to our global network of independent accredited coaches who have executive and board experience in global roles.

The Executive Coaching Program offers:

- Four coaching sessions with an experienced business leader and coach held over a three-month period.
- Sessions will be delivered via phone or video conference from wherever you are in the world.

McCarthy Mentoring is a leadership development organisation that has inspired and developed leaders for 20 years. We partner with prominent organisations across the corporate, government and not-for-profit sectors to deliver tailored programs that improve performance and drive change.

“Our workplaces have changed and this is the time to invest in your people. As we focus on adapting to life with COVID we need to support and equip people to identify what they can control and influence. Resilience, energy and a growth mindset are key to success in 2021”.

**Sophie McCarthy, CEO Board Member
Executive Coach and Mentor**
